Datasheet for ABIN1000476
anti-Dihydrotestosterone antibody

Overview

| | |
|--------------|-------------------------------------------------------------------------------------------|
| Quantity: | 1 mg |
| Target: | Dihydrotestosterone (DHT) |
| Reactivity: | Hormone |
| Host: | Sheep |
| Clonality: | Polyclonal |
| Application: | ELISA, Western Blotting (WB), Immunohistochemistry (IHC), Dot Blot (DB), Immunoassay (IA) |

Product Details

| | |
|---------------|-----------------------------|
| Immunogen: | Dihydrotestosterone (3)-BTG |
| Purification: | Ig Fraction |

Target Details

| | |
|-------------------|------------------------------------------------------|
| Target: | Dihydrotestosterone (DHT) |
| Alternative Name: | Dihydrotestosterone (DHT Products) |
| Target Type: | Hormone |

Application Details

| | |
|--------------------|-----------------------|
| Application Notes: | 2.5 µg/mL (EIA) |
| Restrictions: | For Research Use only |

Handling

| | |
|----------------|--------------------------------|
| Format: | Liquid |
| Concentration: | 9.44 mg/mL (U.V.abs at 280 nm) |
| Buffer: | 20mM Phosphate, 150mM NaCl |
| Storage: | 4 °C |
