Datasheet for ABIN5667334

anti-Corticostatin 6/NP-5 antibody (C-Term)

Go to Product page

Overview

Quantity:	100 µg
Target:	Corticostatin 6/NP-5 (LOC100009136)
Binding Specificity:	C-Term
Reactivity:	Human
Host:	Rabbit
Clonality:	Polyclonal
Conjugate:	This Corticostatin 6/NP-5 antibody is un-conjugated
Application:	ELISA, Western Blotting (WB)

Product Details

Immunogen:	A synthetic peptide corresponding to 17aa near the C-terminus of human mature alpha defensin-5.
Isotype:	IgG
Cross-Reactivity:	Human
Cross-Reactivity (Details):	Calculated cross reactivity: Hu
Characteristics:	NP-5 (alpha Defensin-5, HNP-5)
Purification:	Purified by immunoaffinity chromatography.

Target Details

Target:	Corticostatin 6/NP-5 (LOC100009136)

Target Details

Alternative Name:	NP-5 (LOC100009136 Products)
UniProt:	Q01523

Application Details

Application Notes:	Optimal working conditions should be determined by the investigator.
Restrictions:	For Research Use only

Handling

Format:	Liquid
Buffer:	Supplied as a liquid in PBS, pH 7.5, 0.1 % BSA.
Storage:	-20 °C
Storage Comment:	-20°C
