## Overview

|                      |                                      |
|----------------------|--------------------------------------|
| Quantity:            | 0.1 mg                               |
| Target:              | ACIN1                                |
| Binding Specificity: | N-Term                               |
| Reactivity:          | Human                                |
| Host:                | Rabbit                               |
| Clonality:           | Polyclonal                           |
| Conjugate:           | This ACIN1 antibody is un-conjugated |
| Application:         | Western Blotting (WB), ELISA         |

## Product Details

|               |   |
|---------------|---|
| Purification: | Affinity chromatography purified via peptide column |
|---------------|---|

## Target Details

|                   |   |
|-------------------|---|
| Target:           | ACIN1                                     |
| Alternative Name: | Acinus ( <a href="#">ACIN1 Products</a> ) |
| Molecular Weight: | 220 kDa                                   |

## Application Details

|                    |   |
|--------------------|---|
| Application Notes: | Acinus antibody can be used for detection of acinus by Western blot at 0.5 to 1 µg/mL. An approximate 220 kDa band can be detected. |
| Restrictions:      | For Research Use only   |

## Handling

|                    |  |
|--------------------|--|
| Format:            | Liquid   |
| Buffer:            | PBS  |
| Preservative:      | Sodium azide   |
| Precaution of Use: | This product contains sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Storage:           | 4 °C   |
