Datasheet for ABIN1062951
EIF2B1 Protein (Subunit 1)

Overview

Quantity:	50 µg
Target:	EIF2B1
Protein Characteristics:	Subunit 1
Origin:	Human
Host:	Please inquire
Protein Type:	Recombinant

Product Details

Target Details

Target:	EIF2B1
Alternative Name:	Eukaryotic Translation Initiation Factor 2B alpha (EIF2B1 Products)
Pathways:	Methionine Biosynthetic Process

Application Details

Restrictions:	For Research Use only
