

Datasheet for ABIN1064009

Hepatitis B Virus Core Antigen (HBcAg) (AA 1-186) Protein

[Go to Product page](#)

Overview

Quantity:	100 µg
Target:	Hepatitis B Virus Core Antigen (HBcAg)
Protein Characteristics:	AA 1-186
Origin:	Hepatitis B Virus (HBV)
Host:	Please inquire
Protein Type:	Recombinant

Product Details

Target Details

Target:	Hepatitis B Virus Core Antigen (HBcAg)
Alternative Name:	Hepatitis B Virus Core (HBcAg Products)
Target Type:	Viral Protein

Application Details

Restrictions:	For Research Use only
