

Datasheet for ABIN1078682

**CD73 Protein**[Go to Product page](#)**1** Image

## Overview

|               |                                                                        |
|---------------|------------------------------------------------------------------------|
| Quantity:     | 50 µg                                                                  |
| Target:       | CD73 (NT5E)                                                            |
| Origin:       | Rat                                                                    |
| Source:       | Escherichia coli (E. coli)                                             |
| Protein Type: | Recombinant                                                            |
| Application:  | SDS-PAGE (SDS), ELISA, Western Blotting (WB), Immunoprecipitation (IP) |

## Product Details

|         |        |
|---------|--------|
| Purity: | > 95 % |
|---------|--------|

## Target Details

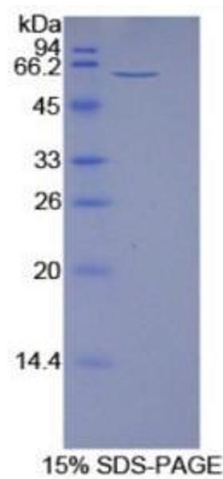

|                   |                                                                                         |
|-------------------|-----------------------------------------------------------------------------------------|
| Target:           | CD73 (NT5E)                                                                             |
| Alternative Name: | 5'-Nucleotidase, Ecto (NT5E) ( <a href="#">NT5E Products</a> )                          |
| Molecular Weight: | 59.6kDa                                                                                 |
| Pathways:         | <a href="#">Synaptic Membrane</a> , <a href="#">Ribonucleoside Biosynthetic Process</a> |

## Application Details

|               |                       |
|---------------|-----------------------|
| Restrictions: | For Research Use only |
|---------------|-----------------------|

## Handling

|          |      |
|----------|------|
| Storage: | 4 °C |
|----------|------|

**SDS-PAGE**
