## anti-Ovarian Carcinoma-Associated Antigen antibody

Go to Product page

| Overview                    |   |
|-----------------------------|---|
| Quantity:                   | 1 mL  |
| Target:                     | Ovarian Carcinoma-Associated Antigen                                |
| Reactivity:                 | Human   |
| Host:                       | Mouse   |
| Clonality:                  | Monoclonal  |
| Conjugate:                  | This Ovarian Carcinoma-Associated Antigen antibody is un-conjugated |
| Application:                | Immunohistochemistry (Frozen Sections) (IHC (fro))                  |
| Product Details             |   |
| Clone:                      | OV632   |
| Isotype:                    | lgG2b   |
| Cross-Reactivity (Details): | Species reactivity (tested):Human.                                  |
| Purification:               | Protein A Chromatography  |
| Target Details              |   |
| Target:                     | Ovarian Carcinoma-Associated Antigen                                |
| Abstract:                   | Ovarian Carcinoma-Associated Antigen Products                       |
| Application Details         |   |
| Application Notes:          | Optimal working dilution should be determined by the investigator.  |

## **Application Details**

| Restrictions:      | For Research Use only   |
|--------------------|---|
|                    |   |
| Handling           |   |
|                    |   |
| Format:            | Liquid  |
|                    |   |
| Buffer:            | PBS, 0.09 % Sodium Azide, 1 % BSA   |
| Drogonyotiyo:      | Sodium azide  |
| Preservative:      | Sodium azide  |
| Precaution of Use: | This product contains sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which               |
|                    | ·   |
|                    | should be handled by trained staff only.  |
| Handling Advice:   | Avoid repeated freezing and thawing.  |
|                    | Avoid repeated freezing and thaving.  |
| Storage:           | 4 °C/-20 °C   |
|                    |   |
| Storage Comment:   | Store the antibody undiluted at 2-8 °C for one month or (in aliquots) at -20 °C for longer. |
