## Datasheet for ABIN1124939 SNAP91 ELISA Kit

### Overview

|              |          |
|--------------|----------|
| Quantity:    | 96 tests |
| Target:      | SNAP91   |
| Reactivity:  | Chicken  |
| Application: | ELISA    |

### Product Details

|                   |                                                                                                                                                                                                                                                                                  |
|-------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Detection Method: | Colorimetric                                                                                                                                                                                                                                                                     |
| Characteristics:  | Gallus gallus,Chicken,Calmodulin,CaM,CALM,CAM,RCJMB04_24e7                                                                                                                                                                                                                       |
| Components:       | Reagent (Quantity): Assay plate (1), Standard (2), Sample Diluent (1x20ml), Assay Diluent A (1x10ml), Assay Diluent B (1x10ml), Detection Reagent A (1x120µl), Detection Reagent B (1x120µl), Wash Buffer(25 x concentrate) (1x30ml), Substrate (1x10ml), Stop Solution (1x10ml) |

### Target Details

|                   |                                                                      |
|-------------------|----------------------------------------------------------------------|
| Target:           | SNAP91                                                               |
| Alternative Name: | CALM ( <a href="#">SNAP91 Products</a> )                             |
| Background:       | Synonyms: CALM,Calmodulin,CaM,CAM,Chicken,Gallus gallus,RCJMB04_24e7 |

### Application Details

|                |                 |
|----------------|-----------------|
| Comment:       | Gene Name: CALM |
| Sample Volume: | 100 µL          |
| Plate:         | Pre-coated      |

## Application Details

---

Restrictions: For Research Use only

## Handling

---

Storage: 4 °C/-20 °C

Storage Comment: The Standard, Detection Reagent A, Detection Reagent B and the 96-well strip plate should be stored at -20 °C upon being received. The other reagents can be stored at 4 °C.
