

## Datasheet for ABIN1134502

### PGC ELISA Kit

[Go to Product page](#)

#### Overview

|              |          |
|--------------|----------|
| Quantity:    | 96 tests |
| Target:      | PGC      |
| Reactivity:  | Pig      |
| Application: | ELISA    |

#### Product Details

|                   |                                                                                                                                                                                                                                                                                  |
|-------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Detection Method: | Colorimetric                                                                                                                                                                                                                                                                     |
| Characteristics:  | Sus scrofa,Pig,Gastricsin,Pepsinogen C,PGC,3.4.23.3                                                                                                                                                                                                                              |
| Components:       | Reagent (Quantity): Assay plate (1), Standard (2), Sample Diluent (1x20ml), Assay Diluent A (1x10ml), Assay Diluent B (1x10ml), Detection Reagent A (1x120µl), Detection Reagent B (1x120µl), Wash Buffer(25 x concentrate) (1x30ml), Substrate (1x10ml), Stop Solution (1x10ml) |

#### Target Details

|                   |                                                      |
|-------------------|------------------------------------------------------|
| Target:           | PGC                                                  |
| Alternative Name: | PGC ( <a href="#">PGC Products</a> )                 |
| Background:       | Synonyms: Gastricsin,Pepsinogen C,PGC,Pig,Sus scrofa |

#### Application Details

|                |                |
|----------------|----------------|
| Comment:       | Gene Name: PGC |
| Sample Volume: | 100 µL         |
| Plate:         | Pre-coated     |

Application Details

---

Restrictions: For Research Use only

Handling

---

Storage: 4 °C/-20 °C

---

Storage Comment: The Standard, Detection Reagent A, Detection Reagent B and the 96-well strip plate should be stored at -20 °C upon being received. The other reagents can be stored at 4 °C.
