## Datasheet for ABIN1150833 **DLK2 ELISA Kit**

### Overview

|              |          |
|--------------|----------|
| Quantity:    | 96 tests |
| Target:      | DLK2     |
| Reactivity:  | Cow      |
| Application: | ELISA    |

### Product Details

|                   |                                                                                                                                                                                                                                                                                  |
|-------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Detection Method: | Colorimetric                                                                                                                                                                                                                                                                     |
| Characteristics:  | Bos taurus,Bovine,Protein delta homolog 2,DLK-2,Epidermal growth factor-like protein 9,EGF-like protein 9,DLK2,EGFL9                                                                                                                                                             |
| Components:       | Reagent (Quantity): Assay plate (1), Standard (2), Sample Diluent (1x20ml), Assay Diluent A (1x10ml), Assay Diluent B (1x10ml), Detection Reagent A (1x120µl), Detection Reagent B (1x120µl), Wash Buffer(25 x concentrate) (1x30ml), Substrate (1x10ml), Stop Solution (1x10ml) |

### Target Details

|                   |                                                                                                                                |
|-------------------|--------------------------------------------------------------------------------------------------------------------------------|
| Target:           | DLK2                                                                                                                           |
| Alternative Name: | Protein delta homolog 2 ( <a href="#">DLK2 Products</a> )                                                                      |
| Background:       | Synonyms: Bos taurus,Bovine,DLK2,DLK-2,EGFL9,EGF-like protein 9,Epidermal growth factor-like protein 9,Protein delta homolog 2 |

### Application Details

|          |                 |
|----------|-----------------|
| Comment: | Gene Name: DLK2 |
|----------|-----------------|

## Application Details

---

|                |                       |
|----------------|-----------------------|
| Sample Volume: | 100 µL                |
| Plate:         | Pre-coated            |
| Restrictions:  | For Research Use only |

## Handling

---

|                  |                                                                                                                                                                              |
|------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Storage:         | 4 °C/-20 °C                                                                                                                                                                  |
| Storage Comment: | The Standard, Detection Reagent A, Detection Reagent B and the 96-well strip plate should be stored at -20 °C upon being received. The other reagents can be stored at 4 °C. |
