

## Datasheet for ABIN1156627

### SFRP1 ELISA Kit

[Go to Product page](#)

#### Overview

|              |          |
|--------------|----------|
| Quantity:    | 96 tests |
| Target:      | SFRP1    |
| Reactivity:  | Cow      |
| Application: | ELISA    |

#### Product Details

|                   |                                                                                                                                                                                                                                                                                  |
|-------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Detection Method: | Colorimetric                                                                                                                                                                                                                                                                     |
| Characteristics:  | Bos taurus,Bovine,Secreted frizzled-related protein 1,sFRP-1,Frizzled in aorta protein,FrzA protein,SFRP1,FRZA                                                                                                                                                                   |
| Components:       | Reagent (Quantity): Assay plate (1), Standard (2), Sample Diluent (1x20ml), Assay Diluent A (1x10ml), Assay Diluent B (1x10ml), Detection Reagent A (1x120µl), Detection Reagent B (1x120µl), Wash Buffer(25 x concentrate) (1x30ml), Substrate (1x10ml), Stop Solution (1x10ml) |

#### Target Details

|                   |                                                                                                                                                                                                                                                                                                                                                                                                 |
|-------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Target:           | SFRP1                                                                                                                                                                                                                                                                                                                                                                                           |
| Alternative Name: | SFRP1 ( <a href="#">SFRP1 Products</a> )                                                                                                                                                                                                                                                                                                                                                        |
| Background:       | Synonyms: Bos taurus,Bovine,Frizzled in aorta protein,FRZA,FrzA protein,Secreted frizzled-related protein 1,SFRP1,sFRP-1                                                                                                                                                                                                                                                                        |

### Application Details

|                |                       |
|----------------|-----------------------|
| Comment:       | Gene Name: SFRP1      |
| Sample Volume: | 100 µL                |
| Plate:         | Pre-coated            |
| Restrictions:  | For Research Use only |

### Handling

|                  |                                                                                                                                                                              |
|------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Storage:         | 4 °C/-20 °C                                                                                                                                                                  |
| Storage Comment: | The Standard, Detection Reagent A, Detection Reagent B and the 96-well strip plate should be stored at -20 °C upon being received. The other reagents can be stored at 4 °C. |
