anti-MTMR14 antibody (AA 161-260)

$\overline{}$			
()	V/P	r\/I	ΘM

Quantity:	100 μL
Target:	MTMR14
Binding Specificity:	AA 161-260
Reactivity:	Mouse
Host:	Rabbit
Clonality:	Polyclonal
Conjugate:	This MTMR14 antibody is un-conjugated
Application:	Western Blotting (WB), ELISA, Immunofluorescence (Cultured Cells) (IF (cc)), Immunofluorescence (Paraffin-embedded Sections) (IF (p)), Immunohistochemistry (Paraffin-embedded Sections) (IHC (p)), Immunohistochemistry (Frozen Sections) (IHC (fro)), Immunocytochemistry (ICC)

Product Details

Immunogen:	KLH conjugated synthetic peptide derived from human MTMR14
Isotype:	IgG
Cross-Reactivity:	Mouse
Predicted Reactivity:	Human,Rat,Dog,Cow,Sheep,Pig,Horse,Chicken,Rabbit
Purification:	Purified by Protein A.

Target Details

Target:	MTMR14
9	

Target Details

Alternative Name:	MTMR14 (MTMR14 Products)	
Background:	Synonyms: C3orf29, Egg derived tyrosine phosphatase homolog, FLJ11546, FLJ22405,	
	FLJ46453, FLJ90311, HCV NS5A transactivated protein 4 splice variant A binding protein 1,	
	HCV NS5A-transactivated protein 4 splice variant A-binding protein 1, hJumpy, jumpy, MTMR	
	14, MTMR14, MTMR-14, MTMRE_HUMAN, Myotubularin related protein 14, Myotubularin-	
	related protein 14, NS5ATP4ABP1.	
	Background: Myotubularin-related protein 14 (MTMR14), also known as Jumpy, is a	
	myotubularin-related phosphoinositol-3-phosphate (PI3P) phosphatase (1). Mutations in the	
	MTMR14 gene have been associated with centronuclear myopathy (1). MTMR14 deficiency in	
	mice leads to altered calcium homeostasis and muscle disorders (2). MTMR14 has also been	
	shown to play a role in autophagy, a process that is highly regulated by phosphatidylinositides	
	through the type III PI3K, Vps34 (3). MTMR14 was localized to autophagic isolation membranes	
	and early autophagosomes (3). In these studies, MTMR14 inhibited autophagy and mutations	
	of MTMR14 associated with centronuclear myopathy were also defective in autophagy	
	inhibition. In zebrafish, MTMR14 knockdown was shown to increase the number of	
	autophagosomes, suggesting that its activity is associated with an inhibition of autophagy (4).	
Pathways:	Inositol Metabolic Process

Handling

Preservative:	ProClin
Precaution of Use:	This product contains ProClin: a POISONOUS AND HAZARDOUS SUBSTANCE, which should be handled by trained staff only.
Storage:	4 °C,-20 °C
Storage Comment:	Shipped at 4°C. Store at -20°C for one year. Avoid repeated freeze/thaw cycles.
Expiry Date:	12 months
