## Datasheet for ABIN1403099 anti-Factor 12 Heavy Chain (F12) antibody (Alexa Fluor 555)

Overview	
Quantity:	100 µL
Target:	Factor 12 Heavy Chain (F12)
Reactivity:	Human, Mouse, Rat
Host:	Rabbit
Clonality:	Polyclonal
Conjugate:	Alexa Fluor 555
Application:	Western Blotting (WB), Immunofluorescence (Paraffin-embedded Sections) (IF (p))
Product Details	
Immunogen:	KLH conjugated synthetic peptide derived from human Coagulation factor XIIa heavy chain
lsotype:	lgG
Cross-Reactivity:	Human, Mouse, Rat
Purification:	Purified by Protein A.
Target Details	
Target:	Factor 12 Heavy Chain (F12)
Alternative Name:	Factor 12 heavy chain (F12 Products)
Background:	Synonyms: Factor XII, Coagulation factor XII, Factor XII heavy chain, Coagulation factor XIIa heavy chain, F12, F12 deficiency, FA12_HUMAN, Factor XII deficiency, HAE3, HAEX, HAF, HAF
	deficiency, Hageman factor, Coagulation factor XIIa heavy chain.
	Background: This gene encodes coagulation factor XII which circulates in blood as a zymogen.

	This single chain zymogen is converted to a two-chain serine protease with an heavy chain
	(alpha-factor XIIa) and a light chain. The heavy chain contains two fibronectin-type domains,
	two epidermal growth factor (EGF)-like domains, a kringle domain and a proline-rich domain,
	whereas the light chain contains only a catalytic domain. On activation, further cleavages takes
	place in the heavy chain, resulting in the production of beta-factor XIIa light chain and the alpha-
	factor XIIa light chain becomes beta-factor XIIa heavy chain. Prekallikrein is cleaved by factor
	XII to form kallikrein, which then cleaves factor XII first to alpha-factor XIIa and then to beta-
	factor XIIa. The active factor XIIa participates in the initiation of blood coagulation, fibrinolysis,
	and the generation of bradykinin and angiotensin. It activates coagulation factors VII and XI.
	Defects in this gene do not cause any clinical symptoms and the sole effect is that whole-blood
	clotting time is prolonged. [provided by RefSeq, Jul 2008].
Gene ID:	2161
