anti-EPR1 antibody (Alexa Fluor 647)

()	1/0	r\ / I	014	
()	ve	I V I	-v	V

Alternative Name:

Background:

Quantity:	100 μL	
Target:	EPR1	
Reactivity:	Human	
Host:	Rabbit	
Clonality:	Polyclonal	
Conjugate:	This EPR1 antibody is conjugated to Alexa Fluor 647	
Application:	Western Blotting (WB), Immunofluorescence (Paraffin-embedded Sections) (IF (p))	
Product Details		
Immunogen:	KLH conjugated synthetic peptide derived from human EPR1	
Isotype:	IgG	
Cross-Reactivity:	Human	
Purification:	Purified by Protein A.	
	Purified by Protein A.	
Target Details	Purified by Protein A.	
Target Details Target:	Purified by Protein A. EPR1

proteolysis, and growth behavior of normal and malignant cells. Effector cell protease receptor-

Background: Cellular receptors for blood proteases regulate chemotaxis, extracellular

EPR1 (EPR1 Products)

EPR-1.

1 (EPR1) is a receptor for the coagulation protease factor Xa. EPR1 is characterized by a cysteine-rich extracellular module, a single membrane-spanning domain, and a serine-rich cytoplasmic tail featuring at least 15 potential phosphorylation sites. EPR1 also contains 2 N-linked glycosylation sites, 4 O-linked glycosylation sites, and a chondroitin sulfate attachment site, which may provide anchoring for carbohydrate chains, EPR1 transfectants bind to factor Xa in a specific and saturable manner, and in the absence of factor V/Va promote prothrombin activation in a factor Xa concentration-dependent reaction. Activated platelets and megakaryocytes express EPR1. Both EPR1 and membrane-bound factor Va are thought to be required to mediate factor Xa binding to the activated platelet to form a functional prothrombinase complex.

Gene ID:

8475

Pathways:

Apoptosis, Cell Division Cycle

Application Details

Application Notes: IF(IHC

IF(IHC-P) 1:50-200

Restrictions:

For Research Use only

Handling

Format:	Liquid	
Concentration:	1 μg/μL	
Buffer:	Aqueous buffered solution containing 0.01M TBS (pH 7.4) with 1 % BSA, 0.03 % Proclin300 and 50 % Glycerol.	
Preservative:	ProClin	
Precaution of Use:	This product contains ProClin: a POISONOUS AND HAZARDOUS SUBSTANCE, which should be handled by trained staff only.	
Storage:	-20 °C	
Storage Comment:	Store at -20°C. Aliquot into multiple vials to avoid repeated freeze-thaw cycles.	
Expiry Date:	12 months
