## Overview

|              |                                                                                 |
|--------------|---------------------------------------------------------------------------------|
| Quantity:    | 100 µL                                                                          |
| Target:      | MARCH6                                                                          |
| Reactivity:  | Human, Mouse, Rat                                                               |
| Host:        | Rabbit                                                                          |
| Clonality:   | Polyclonal                                                                      |
| Conjugate:   | This MARCH6 antibody is conjugated to Cy3                                       |
| Application: | Western Blotting (WB), Immunofluorescence (Paraffin-embedded Sections) (IF (p)) |

## Product Details

|                   |                                                            |
|-------------------|------------------------------------------------------------|
| Immunogen:        | KLH conjugated synthetic peptide derived from human MARCH6 |
| Isotype:          | IgG                                                        |
| Cross-Reactivity: | Human, Mouse, Rat                                          |
| Purification:     | Purified by Protein A.                                     |

## Target Details

|                   |                                                                                                                                                                                                                                                                                                                       |
|-------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Target:           | MARCH6                                                                                                                                                                                                                                                                                                                |
| Alternative Name: | MARCH6 ( <a href="#">MARCH6 Products</a> )                                                                                                                                                                                                                                                                            |
| Background:       | Synonyms: Doa10 homolog, E3 ubiquitin protein ligase MARCH6, MARCH 6, MARCH VI, MARCHVI, Membrane associated RING CH protein VI, Membrane associated ring finger C3HC4 6, Membrane associated RING finger protein 6, Protein TEB 4, Protein TEB4, RNF 176, RNF176, TEB 4, TEB4, RING finger protein 176, MARH6_HUMAN. |

## Target Details

Background: MARCH6 (Membrane associated RING finger protein 6) belongs to the MARCH family, which contains at least seven membrane associated RING-CH (MARCH)proteins. MARCH proteins are E3 ubiquitin ligases and are located to subcellular membranes.

Gene ID: 10299

## Application Details

Application Notes: IF(IHC-P) 1:50-200

Restrictions: For Research Use only

## Handling

Format: Liquid

Concentration: 1 µg/µL

Buffer: Aqueous buffered solution containing 0.01M TBS ( pH 7.4) with 1 % BSA, 0.03 % Proclin300 and 50 % Glycerol.

Preservative: ProClin

Precaution of Use: This product contains ProClin: a POISONOUS AND HAZARDOUS SUBSTANCE, which should be handled by trained staff only.

Storage: -20 °C

Storage Comment: Store at -20°C. Aliquot into multiple vials to avoid repeated freeze-thaw cycles.

Expiry Date: 12 months
