

Datasheet for ABIN1423201

**anti-PAFAH1B3 antibody (AA 10-60) (Cy5.5)**[Go to Product page](#)

## Overview

|                      |                                                          |
|----------------------|----------------------------------------------------------|
| Quantity:            | 100 µL                                                   |
| Target:              | PAFAH1B3                                                 |
| Binding Specificity: | AA 10-60                                                 |
| Reactivity:          | Human, Mouse, Rat                                        |
| Host:                | Rabbit                                                   |
| Clonality:           | Polyclonal                                               |
| Conjugate:           | This PAFAH1B3 antibody is conjugated to Cy5.5            |
| Application:         | Immunofluorescence (Paraffin-embedded Sections) (IF (p)) |

## Product Details

|                   |                                                                     |
|-------------------|---------------------------------------------------------------------|
| Immunogen:        | KLH conjugated synthetic peptide derived from human PAFAH1B3/PAFAHG |
| Isotype:          | IgG                                                                 |
| Cross-Reactivity: | Human, Mouse, Rat                                                   |
| Purification:     | Purified by Protein A.                                              |

## Target Details

|                   |                                                                                                                                                                       |
|-------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Target:           | PAFAH1B3                                                                                                                                                              |
| Alternative Name: | PAFAHG ( <a href="#">PAFAH1B3 Products</a> )                                                                                                                          |
| Background:       | Synonyms: PAFAHG, Platelet-activating factor acetylhydrolase IB subunit gamma, PAF acetylhydrolase 29 kDa subunit, PAF-AH 29 kDa subunit, PAF-AH subunit gamma, PAFAH |

## Target Details

subunit gamma, PAFAH1B3

Background: Inactivates paf by removing the acetyl group at the sn-2 position. This is a catalytic subunit. Plays an important role during the development of brain.

Gene ID: 5050

UniProt: [Q15102](#)

## Application Details

Application Notes: IF(IHC-P) 1:50-200

Restrictions: For Research Use only

## Handling

Format: Liquid

Concentration: 1 µg/µL

Buffer: Aqueous buffered solution containing 0.01M TBS ( pH 7.4) with 1 % BSA, 0.03 % Proclin300 and 50 % Glycerol.

Preservative: ProClin

Precaution of Use: This product contains ProClin: a POISONOUS AND HAZARDOUS SUBSTANCE, which should be handled by trained staff only.

Storage: -20 °C

Storage Comment: Store at -20°C. Aliquot into multiple vials to avoid repeated freeze-thaw cycles.

Expiry Date: 12 months
