## Datasheet for ABIN1436612 **anti-LMBR1 antibody (PE)**

### Overview

Quantity:	100 µL
Target:	LMBR1
Reactivity:	Human, Mouse, Rat, Cow, Dog, Pig
Host:	Rabbit
Clonality:	Polyclonal
Conjugate:	This LMBR1 antibody is conjugated to PE
Application:	Western Blotting (WB)

### Product Details

Immunogen:	KLH conjugated synthetic peptide derived from human LMBR1/DIF14
Isotype:	IgG
Cross-Reactivity:	Human, Mouse, Rat
Purification:	Purified by Protein A.

### Target Details

Target:	LMBR1
Alternative Name:	DIF14 ( <a href="#">LMBR1 Products</a> )
Background:	Synonyms: ACHP, C7orf2, D 14, D14, Dferentiation related gene 14, Dferentiation related gene 14 protein, Dferentiation-related gene 14 protein, FLJ11665, Limb region 1 homolog mouse, Limb region 1 homolog, Limb region 1 protein, Limb region 1 protein homolog, LMBR 1, LMBR1, LMBR1_HUMAN, PPD 2, PPD2, TPT.

## Target Details

Background: LMBR1 is a 490 amino acid multi-pass membrane protein that is widely expressed with strongest expression in heart and pancreas. Belonging to the LIMR family, LMBR1 shares 95 % sequence identity with the mouse protein and may play crucial role in the evolution of limb and skeletal system. LMBR1 is critical for expression of sonic hedgehog (Shh) in the developing posterior limb bud mesenchyme. Mutations in the gene encoding LMBR1 is the cause of several rare conditions such as acheiropody (ACHP) and syndactyly type 4 (SDYT4). ACHP is an autosomal recessive inherited disorder characterized by bilateral congenital amputations of the hands and feet. LMBR1L (limb region 1 protein homolog-like), also known as LIMR (Lipocalin-1-interacting membrane receptor), is a 489 amino acid multi-pass membrane protein that is thought to act as a receptor for Lipocalin-1 and may also assist in its endocytosis.

Molecular Weight: 55kDa

Gene ID: 64327

## Application Details

Restrictions: For Research Use only

## Handling

Format: Liquid

Concentration: 1 µg/µL

Buffer: Aqueous buffered solution containing 0.01M TBS ( pH 7.4) with 1 % BSA, 0.03 % Proclin300 and 50 % Glycerol.

Preservative: Sodium azide

Precaution of Use: This product contains sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

Storage: -20 °C

Storage Comment: Store at -20°C. Aliquot into multiple vials to avoid repeated freeze-thaw cycles.

Expiry Date: 12 months
