**anti-C2orf62 antibody****3** Images[Go to Product page](#)

## Overview

|              |                                                                       |
|--------------|-----------------------------------------------------------------------|
| Quantity:    | 100 µL                                                                |
| Target:      | C2orf62                                                               |
| Reactivity:  | Human                                                                 |
| Host:        | Mouse                                                                 |
| Clonality:   | Monoclonal                                                            |
| Conjugate:   | This C2orf62 antibody is un-conjugated                                |
| Application: | Western Blotting (WB), Immunofluorescence (IF), Flow Cytometry (FACS) |

## Product Details

|               |                                                                                                                                           |
|---------------|-------------------------------------------------------------------------------------------------------------------------------------------|
| Immunogen:    | Full length human recombinant protein of human C2orf62(NP_940961) produced in HEK293T cell.<br><br>Type of Immunogen: Recombinant protein |
| Clone:        | 1A6                                                                                                                                       |
| Isotype:      | IgG1                                                                                                                                      |
| Specificity:  | Human C2orf62                                                                                                                             |
| Purification: | Protein A/G purified                                                                                                                      |

## Target Details

|                   |                                                      |
|-------------------|------------------------------------------------------|
| Target:           | C2orf62                                              |
| Alternative Name: | CATIP / C2orf62 ( <a href="#">C2orf62 Products</a> ) |

## Target Details

Background: Name/Gene ID: CATIP

Synonyms: CATIP, C2orf62

Gene ID: 375307

NCBI Accession: [NP\\_940961](#)

UniProt: [Q7Z7H3](#)

## Application Details

Application Notes: Approved: Flo (1:100), IF (1:100), WB (1:2000)

Comment: Target Species of Antibody: Human

Restrictions: For Research Use only

## Handling

Format: Liquid

Concentration: Lot specific

Buffer: PBS, pH 7.3, 1 % BSA, 50 % glycerol, 0.02 % sodium azide

Preservative: Sodium azide

Precaution of Use: This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

Handling Advice: Minimize freezing and thawing.

Storage: -20 °C

Storage Comment: Store at -20°C. Avoid freeze-thaw cycles.
