Datasheet for ABIN1636223 ATIC Protein (AA 1-492) (His tag)

Overview

Quantity:	1 mg	
Target:	ATIC	
Protein Characteristics:	AA 1-492	
Origin:	Staphylococcus epidermidis	
Source:	Yeast	
Protein Type:	Recombinant	
Purification tag / Conjugate:	This ATIC protein is labelled with His tag.	
Application:	ELISA	

Product Details

Specificity:	TMVMTGMRHF KH Staphylococcus epidermidis (strain ATCC 12228)
	KIAIERAIEI NDNVALVSDG FFPMGDTVEY AAEHGIKAII QPGGSIKDQD SIDMANKYGI

Product Details

Purity:

> 90 %

Target Details

Target:	ATIC	
Alternative Name:	Bifunctional purine biosynthesis protein PurH (purH) (ATIC Products)	
Background:	Recommended name: Bifunctional purine biosynthesis protein PurH Including the follow	
	domains: Phosphoribosylaminoimidazolecarboxamide formyltransferase.	
	EC= 2.1.2.3.	
	Alternative name(s): AICAR transformylase IMP cyclohydrolase.	
	EC= 3.5.4.10.	
	Alternative name(s): ATIC IMP synthase Inosinicase	
UniProt:	Q8CT27	

Application Details

Comment:	The yeast protein expression system is the most economical and efficient eukaryotic system
	for secretion and intracellular expression. A protein expressed by the mammalian cell system is
	of very high-quality and close to the natural protein. But the low expression level, the high cost
	of medium and the culture conditions restrict the promotion of mammalian cell expression
	systems. The yeast protein expression system serve as a eukaryotic system integrate the
	advantages of the mammalian cell expression system. A protein expressed by yeast system
	could be modificated such as glycosylation, acylation, phosphorylation and so on to ensure the
	native protein conformation. It can be used to produce protein material with high added value
	that is very close to the natural protein. Our proteins produced by yeast expression system has
	been used as raw materials for downstream preparation of monoclonal antibodies.
Restrictions:	For Research Use only

Handling

Format:	Lyophilized	
Concentration:	0.2-2 mg/mL	
Buffer:	Tris-based buffer, 50 % glycerol	
Handling Advice:	Repeated freezing and thawing is not recommended. Store working aliquots at 4 °C for up to one week	

Order at www.antibodies-online.com | www.antikoerper-online.de | www.anticorps-enligne.fr | www.antibodies-online.cn International: +49 (0)241 95 163 153 | USA & Canada: +1 877 302 8632 | support@antibodies-online.com Page 2/3 | Product datasheet for ABIN1636223 | 09/11/2023 | Copyright antibodies-online. Handling

	Storage:	-20 °C		
--	----------	--------	--	--

Storage Comment:

Store at -20 °C, for extended storage, conserve at -20 °C or -80 °C.
