### Overview

|              |                                                                |
|--------------|----------------------------------------------------------------|
| Quantity:    | 100 µg                                                         |
| Target:      | Apoptosis Inhibitor 5 (API5)                                   |
| Reactivity:  | Human, Mouse, Rat                                              |
| Host:        | Rabbit                                                         |
| Clonality:   | Polyclonal                                                     |
| Conjugate:   | This Apoptosis Inhibitor 5 antibody is conjugated to Sepharose |
| Application: | Immunoprecipitation (IP)                                       |

### Product Details

#### Target Details

|                   |                                        |
|-------------------|----------------------------------------|
| Target:           | Apoptosis Inhibitor 5 (API5)           |
| Alternative Name: | API5 ( <a href="#">API5 Products</a> ) |
| Pathways:         | <a href="#">Growth Factor Binding</a>  |

#### Application Details

|               |                       |
|---------------|-----------------------|
| Restrictions: | For Research Use only |
|---------------|-----------------------|

#### Handling

|          |      |
|----------|------|
| Storage: | 4 °C |
|----------|------|
