

Datasheet for ABIN1701682

**anti-B7-H6 antibody (AA 51-150) (Cy3)**[Go to Product page](#)

## Overview

|                      |                                                                                                                                |
|----------------------|--------------------------------------------------------------------------------------------------------------------------------|
| Quantity:            | 100 µL                                                                                                                         |
| Target:              | B7-H6 (NCR3LG1)                                                                                                                |
| Binding Specificity: | AA 51-150                                                                                                                      |
| Reactivity:          | Human, Mouse                                                                                                                   |
| Host:                | Rabbit                                                                                                                         |
| Clonality:           | Polyclonal                                                                                                                     |
| Conjugate:           | This B7-H6 antibody is conjugated to Cy3                                                                                       |
| Application:         | Western Blotting (WB), Immunofluorescence (Cultured Cells) (IF (cc)), Immunofluorescence (Paraffin-embedded Sections) (IF (p)) |

## Product Details

|                   |                                                           |
|-------------------|-----------------------------------------------------------|
| Immunogen:        | KLH conjugated synthetic peptide derived from human B7-H6 |
| Isotype:          | IgG                                                       |
| Cross-Reactivity: | Human, Mouse                                              |
| Purification:     | Purified by Protein A.                                    |

## Target Details

|                   |                                                                                             |
|-------------------|---------------------------------------------------------------------------------------------|
| Target:           | B7-H6 (NCR3LG1)                                                                             |
| Alternative Name: | B7-H6 ( <a href="#">NCR3LG1 Products</a> )                                                  |
| Background:       | Synonyms: B7H6, B7-H6, DKFZp686O24166, Natural cytotoxicity triggering receptor 3 ligand 1, |

## Target Details

|          |                                                                     |
|----------|---------------------------------------------------------------------|
|          | B7 homolog 6, NCR3LG1                                               |
|          | Background: Triggers NCR3-dependent natural killer cell activation. |
| Gene ID: | 374383                                                              |
| UniProt: | <a href="#">Q68D85</a>                                              |

## Application Details

|                    |                                                              |
|--------------------|--------------------------------------------------------------|
| Application Notes: | IF(IHC-P) 1:50-200<br>IF(IHC-F) 1:50-200<br>IF(ICC) 1:50-200 |
| Restrictions:      | For Research Use only                                        |

## Handling

|                    |                                                                                                                    |
|--------------------|--------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                             |
| Concentration:     | 1 µg/µL                                                                                                            |
| Buffer:            | Aqueous buffered solution containing 0.01M TBS ( pH 7.4) with 1 % BSA, 0.03 % Proclin300 and 50 % Glycerol.        |
| Preservative:      | ProClin                                                                                                            |
| Precaution of Use: | This product contains ProClin: a POISONOUS AND HAZARDOUS SUBSTANCE, which should be handled by trained staff only. |
| Storage:           | -20 °C                                                                                                             |
| Storage Comment:   | Store at -20°C. Aliquot into multiple vials to avoid repeated freeze-thaw cycles.                                  |
| Expiry Date:       | 12 months                                                                                                          |
