**anti-ADRM1 antibody (AA 21-120) (FITC)**[Go to Product page](#)

## Overview

|                      |                                                                                                         |
|----------------------|---------------------------------------------------------------------------------------------------------|
| Quantity:            | 100 µL                                                                                                  |
| Target:              | ADRM1 (Adrm1)                                                                                           |
| Binding Specificity: | AA 21-120                                                                                               |
| Reactivity:          | Human                                                                                                   |
| Host:                | Rabbit                                                                                                  |
| Clonality:           | Polyclonal                                                                                              |
| Conjugate:           | This ADRM1 antibody is conjugated to FITC                                                               |
| Application:         | Immunofluorescence (Cultured Cells) (IF (cc)), Immunofluorescence (Paraffin-embedded Sections) (IF (p)) |

## Product Details

|                       |                                                           |
|-----------------------|-----------------------------------------------------------|
| Immunogen:            | KLH conjugated synthetic peptide derived from human ADRM1 |
| Isotype:              | IgG                                                       |
| Predicted Reactivity: | Human,Mouse,Rat,Dog,Cow,Sheep                             |
| Purification:         | Purified by Protein A.                                    |

## Target Details

|                   |                                                                                         |
|-------------------|-----------------------------------------------------------------------------------------|
| Target:           | ADRM1 (Adrm1)                                                                           |
| Alternative Name: | ADRM1 ( <a href="#">Adrm1 Products</a> )                                                |
| Background:       | Synonyms: 110 kDa cell membrane glycoprotein, adhesion regulating molecule 1, Adhesion- |

## Target Details

regulating molecule 1, ADRM 1, Adrm1, ADRM1\_HUMAN, ARM 1, ARM-1, ARM1, GP110, hRpn13, Mr 110,000 surface antigen, Proteasomal ubiquitin receptor ADRM1, proteasome regulatory particle non ATPase 13, Proteasome regulatory particle non-ATPase 13, Regulatory particle non ATPase 13, Rpn13, Rpn13 homolog.

Background: ADRM1 is a 407 amino acid protein that localizes to both the nucleus and the cytoplasm and is thought to be involved in protein recruitment and cell adhesion. An integral membrane protein, ADRM1 functions to recruit UCH-L5, a deubiquitinating enzyme, to the 26S proteasome, and once at the proteasome it promotes the activity of UCH-L5. Additionally, ADRM1 is thought to mediate lymphocyte adhesion in endothelial cells and may thus play a role in lymphocyte homing. ADRM1 expression is induced by IFN-g in some cancer cell lines and its expression is upregulated in other metastatic cells, suggesting a role in carcinogenesis. Two isoforms of ADRM1 exist due to alternative splicing events.

Gene ID: 11047

Pathways: [Positive Regulation of Endopeptidase Activity](#)

## Application Details

Application Notes: IF(IHC-P) 1:50-200  
IF(IHC-F) 1:50-200  
IF(ICC) 1:50-200

Restrictions: For Research Use only

## Handling

Format: Liquid

Concentration: 1 µg/µL

Buffer: Aqueous buffered solution containing 0.01M TBS ( pH 7.4) with 1 % BSA, 0.03 % Proclin300 and 50 % Glycerol.

Preservative: ProClin

Precaution of Use: This product contains ProClin: a POISONOUS AND HAZARDOUS SUBSTANCE, which should be handled by trained staff only.

Storage: -20 °C

Storage Comment: Store at -20°C. Aliquot into multiple vials to avoid repeated freeze-thaw cycles.

## Handling

---

Expiry Date: 12 months
