## Datasheet for ABIN1713684 anti-C1orf54 antibody (AA 31-100)

Overview

| Quantity:            | 100 µL                                                                                                                                                                                                                                                                                      |
|----------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Target:              | C1orf54                                                                                                                                                                                                                                                                                     |
| Binding Specificity: | AA 31-100                                                                                                                                                                                                                                                                                   |
| Reactivity:          | Human                                                                                                                                                                                                                                                                                       |
| Host:                | Rabbit                                                                                                                                                                                                                                                                                      |
| Clonality:           | Polyclonal                                                                                                                                                                                                                                                                                  |
| Conjugate:           | This C1orf54 antibody is un-conjugated                                                                                                                                                                                                                                                      |
| Application:         | ELISA, Immunofluorescence (Cultured Cells) (IF (cc)), Immunofluorescence (Paraffin-<br>embedded Sections) (IF (p)), Western Blotting (WB), Immunohistochemistry (Frozen Sections)<br>(IHC (fro)), Immunohistochemistry (Paraffin-embedded Sections) (IHC (p)),<br>Immunocytochemistry (ICC) |

## Product Details

| Immunogen:            | KLH conjugated synthetic peptide derived from human C1orf54 |
|-----------------------|-------------------------------------------------------------|
| Isotype:              | IgG                                                         |
| Predicted Reactivity: | Human,Mouse,Dog,Horse                                       |
| Purification:         | Purified by Protein A.                                      |

## Target Details

| Target:           | C1orf54                    |
|-------------------|----------------------------|
| Alternative Name: | C1orf54 (C1orf54 Products) |

| Target Details      |                                                                                               |
|---------------------|-----------------------------------------------------------------------------------------------|
| Background:         | Synonyms: Chromosome 1 open reading frame 54, FLJ23221, Hypothetical protein LOC79630,        |
|                     | Uncharacterized protein C1orf54, CA054_HUMAN.                                                 |
|                     | Background: Chromosome 1 is the largest human chromosome spanning about 260 million           |
|                     | base pairs and making up 8 % of the human genome. There are about 3,000 genes on              |
|                     | chromosome 1, and considering the great number of genes there are also a large number of      |
|                     | diseases associated with chromosome 1. Notably, the rare aging disease Hutchinson-Gilford     |
|                     | progeria is associated with the LMNA gene which encodes lamin A. When defective, the LMNA     |
|                     | gene product can build up in the nucleus and cause characteristic nuclear blebs. The          |
|                     | mechanism of rapidly enhanced aging is unclear and is a topic of continuing exploration. The  |
|                     | MUTYH gene is located on chromosome 1 and is partially responsible for familial adenomatous   |
|                     | polyposis. Stickler syndrome, Parkinsons, Gaucher disease and Usher syndrome are also         |
|                     | associated with chromosome 1. A breakpoint has been identified in 1q which disrupts the       |
|                     | DISC1 gene and is linked to schizophrenia. Aberrations in chromosome 1 are found in a variety |
|                     | of cancers including head and neck cancer, malignant melanoma and multiple myeloma. The       |
|                     | C1orf54 gene product has been provisionally designated C1orf54 pending further                |
|                     | characterization.                                                                             |
| Gene ID:            | 79630                                                                                         |
|                     |                                                                                               |
| Application Details |                                                                                               |

| Application Notes: | WB 1:300-5000                                                         |
|--------------------|-----------------------------------------------------------------------|
|                    | ELISA 1:500-1000                                                      |
|                    | IHC-P 1:200-400                                                       |
|                    | IHC-F 1:100-500                                                       |
|                    | IF(IHC-P) 1:50-200                                                    |
|                    | IF(IHC-F) 1:50-200                                                    |
|                    | IF(ICC) 1:50-200                                                      |
|                    | ICC 1:100-500                                                         |
| Restrictions:      | For Research Use only                                                 |
| Handling           |                                                                       |
| Format:            | Liquid                                                                |
| Concentration:     | 1 μg/μL                                                               |
| Buffer:            | 0.01M TBS( pH 7.4) with 1 % BSA, 0.02 % Proclin300 and 50 % Glycerol. |
|                    |                                                                       |

## Handling

| Preservative:      | ProClin                                                                                                            |
|--------------------|--------------------------------------------------------------------------------------------------------------------|
| Precaution of Use: | This product contains ProClin: a POISONOUS AND HAZARDOUS SUBSTANCE, which should be handled by trained staff only. |
| Storage:           | 4 °C,-20 °C                                                                                                        |
| Storage Comment:   | Shipped at 4°C. Store at -20°C for one year. Avoid repeated freeze/thaw cycles.                                    |
| Expiry Date:       | 12 months                                                                                                          |
