

Datasheet for ABIN1719901 **MICA ELISA Kit**

[Go to Product page](#)

Overview

Quantity:	96 tests
Target:	MICA
Reactivity:	Human
Method Type:	Sandwich ELISA
Application:	ELISA

Product Details

Analytical Method:	Quantitative
Detection Method:	Colorimetric

Target Details

Target:	MICA
Alternative Name:	MICA (MICA Products)
Pathways:	Activation of Innate immune Response , Transition Metal Ion Homeostasis , Human Leukocyte Antigen (HLA) in Adaptive Immune Response

Application Details

Plate:	Pre-coated
Restrictions:	For Research Use only

Handling

Storage: 4 °C/-20 °C
