

Datasheet for ABIN1719957
BAFF ELISA Kit

[Go to Product page](#)

Overview

Quantity:	96 tests
Target:	BAFF (TNFSF13B)
Reactivity:	Human
Method Type:	Sandwich ELISA
Application:	ELISA

Product Details

Analytical Method:	Quantitative
Detection Method:	Colorimetric

Target Details

Target:	BAFF (TNFSF13B)
Alternative Name:	BAFF (TNFSF13B Products)
Pathways:	NF-kappaB Signaling , Production of Molecular Mediator of Immune Response

Application Details

Plate:	Pre-coated
Restrictions:	For Research Use only

Handling

Storage:	4 °C/-20 °C
