

## Datasheet for ABIN1720253 **TEK ELISA Kit**

[Go to Product page](#)

### Overview

|              |                |
|--------------|----------------|
| Quantity:    | 96 tests       |
| Target:      | TEK            |
| Reactivity:  | Human          |
| Method Type: | Sandwich ELISA |
| Application: | ELISA          |

### Product Details

|                    |              |
|--------------------|--------------|
| Analytical Method: | Quantitative |
| Detection Method:  | Colorimetric |

### Target Details

|                   |  |
|-------------------|--|
| Target:           | TEK  |
| Alternative Name: | <a href="#">Tie-2 (TEK Products)</a>                 |
| Pathways:         | <a href="#">RTK Signaling, Growth Factor Binding</a> |

### Application Details

|               |                       |
|---------------|-----------------------|
| Plate:        | Pre-coated            |
| Restrictions: | For Research Use only |

### Handling

|          |             |
|----------|-------------|
| Storage: | 4 °C/-20 °C |
|----------|-------------|
