

Datasheet for ABIN1720285
TRAIL ELISA Kit

[Go to Product page](#)

Overview

Quantity: 96 tests

Target: TRAIL (TNFSF10)

Reactivity: Human

Method Type: Sandwich ELISA

Application: ELISA

Product Details

Analytical Method: Quantitative

Detection Method: Colorimetric

Target Details

Target: TRAIL (TNFSF10)

Alternative Name: TRAIL ([TNFSF10 Products](#))

Pathways: [Apoptosis](#), [Positive Regulation of Endopeptidase Activity](#)

Application Details

Plate: Pre-coated

Restrictions: For Research Use only

Handling

Storage: 4 °C/-20 °C
