

Datasheet for ABIN1720289 **PLAU ELISA Kit**

[Go to Product page](#)

Overview

Quantity:	96 tests
Target:	PLAU
Reactivity:	Human
Method Type:	Sandwich ELISA
Application:	ELISA

Product Details

Analytical Method:	Quantitative
Detection Method:	Colorimetric

Target Details

Target:	PLAU
Alternative Name:	uPA (PLAU Products)
Pathways:	Cellular Response to Molecule of Bacterial Origin , Carbohydrate Homeostasis , Autophagy , Smooth Muscle Cell Migration

Application Details

Plate:	Pre-coated
Restrictions:	For Research Use only

Handling

Storage: 4 °C/-20 °C
