Neurotrophin 3 ELISA Kit

[Go to Product page](#)

Overview

Quantity: 96 tests

Target: Neurotrophin 3 (NTF3)

Reactivity: Mouse

Method Type: Sandwich ELISA

Application: ELISA

Product Details

Analytical Method: Quantitative

Detection Method: Colorimetric

Target Details

Target: Neurotrophin 3 (NTF3)

Alternative Name: NT-3 ([NTF3 Products](#))

Pathways: [RTK Signaling](#), [Neurotrophin Signaling Pathway](#)

Application Details

Plate: Pre-coated

Restrictions: For Research Use only

Handling

Storage: 4 °C/-20 °C
