## Overview

|                      |                                                                                                                                          |
|----------------------|------------------------------------------------------------------------------------------------------------------------------------------|
| Quantity:            | 400 µL                                                                                                                                   |
| Target:              | APOBEC2                                                                                                                                  |
| Binding Specificity: | AA 19-48                                                                                                                                 |
| Reactivity:          | Human, Mouse                                                                                                                             |
| Host:                | Rabbit                                                                                                                                   |
| Clonality:           | Polyclonal                                                                                                                               |
| Conjugate:           | This APOBEC2 antibody is un-conjugated                                                                                                   |
| Application:         | Western Blotting (WB), Immunohistochemistry (IHC), Flow Cytometry (FACS),<br>Immunohistochemistry (Paraffin-embedded Sections) (IHC (p)) |

## Product Details

|               |                                                                                                                                                                          |
|---------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Specificity:  | This APOBEC2 antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 19-48 amino acids from the N-terminal region of human APOBEC2. |
| Purification: | Protein A purified                                                                                                                                                       |

## Target Details

|                   |                                                             |
|-------------------|-------------------------------------------------------------|
| Target:           | APOBEC2                                                     |
| Alternative Name: | APOBEC2 / ARP1 ( <a href="#">APOBEC2 Products</a> )         |
| Background:       | Name/Gene ID: APOBEC2<br><br>Synonyms: APOBEC2, ARP1, ARCD1 |

## Target Details

Gene ID: 10930

UniProt: [Q9Y235](#)

## Application Details

Application Notes: Approved: Flo (1:10 - 1:50), IHC, IHC-P (1:50 - 1:100), WB (1:1000)

Comment: Target Species of Antibody: Human

Restrictions: For Research Use only

## Handling

Format: Liquid

Concentration: Lot specific

Buffer: PBS, 0.09 % sodium azide

Preservative: Sodium azide

Precaution of Use: This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

Storage: 4 °C, -20 °C

Storage Comment: Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.

Expiry Date: 6 months
