## Overview

|                      |                                                                                                                                                                   |
|----------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Quantity:            | 400 µL                                                                                                                                                            |
| Target:              | BAG1                                                                                                                                                              |
| Binding Specificity: | AA 258-285                                                                                                                                                        |
| Reactivity:          | Human                                                                                                                                                             |
| Host:                | Rabbit                                                                                                                                                            |
| Clonality:           | Polyclonal                                                                                                                                                        |
| Conjugate:           | This BAG1 antibody is un-conjugated                                                                                                                               |
| Application:         | Western Blotting (WB), Immunohistochemistry (IHC), Immunofluorescence (IF),<br>Immunohistochemistry (Paraffin-embedded Sections) (IHC (p)), Flow Cytometry (FACS) |

## Product Details

|               |                                                                                                                                                                      |
|---------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Specificity:  | This BAG1 antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 258-285 amino acids from the C-terminal region of human BAG1. |
| Purification: | Ammonium sulfate precipitation                                                                                                                                       |

## Target Details

|                   |                                                                                                                      |
|-------------------|----------------------------------------------------------------------------------------------------------------------|
| Target:           | BAG1                                                                                                                 |
| Alternative Name: | BAG1 / BAG-1 ( <a href="#">BAG1 Products</a> )                                                                       |
| Background:       | Name/Gene ID: BAG1<br><br>Synonyms: BAG1, Bcl-2-associated athanogene 1, Bcl-2-binding protein, Bcl2 binding protein |

## Target Details

|          |                                                                               |
|----------|-------------------------------------------------------------------------------|
|          | bag1, BCL2-associated athanogene, BAG-1, Bcl2 binding athanogene1, HAP, RAP46 |
| Gene ID: | 573                                                                           |

## Application Details

|                    |                                                                                       |
|--------------------|---------------------------------------------------------------------------------------|
| Application Notes: | Approved: Flo (1:10 - 1:50), IF (1:10 - 1:50), IHC, IHC-P (1:50 - 1:100), WB (1:1000) |
| Comment:           | Target Species of Antibody: Human                                                     |
| Restrictions:      | For Research Use only                                                                 |

## Handling

|                    |                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                 |
| Concentration:     | Lot specific                                                                                                           |
| Buffer:            | PBS, 0.09 % sodium azide                                                                                               |
| Preservative:      | Sodium azide                                                                                                           |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Storage:           | 4 °C,-20 °C                                                                                                            |
| Storage Comment:   | Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.                               |
| Expiry Date:       | 6 months                                                                                                               |
