## Overview

|                      |                                       |
|----------------------|---------------------------------------|
| Quantity:            | 400 µL                                |
| Target:              | TRIM24                                |
| Binding Specificity: | AA 16-45                              |
| Reactivity:          | Human                                 |
| Host:                | Rabbit                                |
| Clonality:           | Polyclonal                            |
| Conjugate:           | This TRIM24 antibody is un-conjugated |
| Application:         | Western Blotting (WB)                 |

## Product Details

|               |                                                                                                                                                                        |
|---------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Specificity:  | This TRIM24 antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 16-45 amino acids from the N-terminal region of human TRIM24. |
| Purification: | Protein A purified                                                                                                                                                     |

## Target Details

|                   |                                                                     |
|-------------------|---------------------------------------------------------------------|
| Target:           | TRIM24                                                              |
| Alternative Name: | TRIM24 / TIF1 ( <a href="#">TRIM24 Products</a> )                   |
| Background:       | Name/Gene ID: TRIM24<br>Subfamily: TIF1<br>Family: Tripartite Motif |

## Target Details

|          |                                                                                                                                                                        |
|----------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|          | Synonyms: TRIM24, TF1A, TIF1, TIF1A, Tripartite motif-containing 24, TIF1ALPHA, PTC6, RNF82, TIF1-alpha, Tripartite motif containing 24, HTIF1, RING finger protein 82 |
| Gene ID: | 8805                                                                                                                                                                   |
| UniProt: | <a href="#">O15164</a>                                                                                                                                                 |

## Application Details

|                    |                                   |
|--------------------|-----------------------------------|
| Application Notes: | Approved: WB (1:1000)             |
| Comment:           | Target Species of Antibody: Human |
| Restrictions:      | For Research Use only             |

## Handling

|                    |                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                 |
| Concentration:     | Lot specific                                                                                                           |
| Buffer:            | PBS, 0.09 % sodium azide                                                                                               |
| Preservative:      | Sodium azide                                                                                                           |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Storage:           | 4 °C,-20 °C                                                                                                            |
| Storage Comment:   | Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.                               |
| Expiry Date:       | 6 months                                                                                                               |
