## Datasheet for ABIN1808048 **anti-CTRP7 antibody (AA 3-31)**

### Overview

|                      |                                      |
|----------------------|--------------------------------------|
| Quantity:            | 400 µL                               |
| Target:              | CTRP7 (C1QTNF7)                      |
| Binding Specificity: | AA 3-31                              |
| Reactivity:          | Human                                |
| Host:                | Rabbit                               |
| Clonality:           | Polyclonal                           |
| Conjugate:           | This CTRP7 antibody is un-conjugated |
| Application:         | Western Blotting (WB)                |

### Product Details

|               |                                                                                                                                                                         |
|---------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Specificity:  | This C1QTNF7 antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 3-31 amino acids from the N-terminal region of human C1QTNF7. |
| Purification: | Protein A purified                                                                                                                                                      |
