## Datasheet for ABIN1810290 anti-RhoF antibody (AA 178-206)

### Overview

|                      |                                     |
|----------------------|-------------------------------------|
| Quantity:            | 400 µL                              |
| Target:              | RhoF (RHOF)                         |
| Binding Specificity: | AA 178-206                          |
| Reactivity:          | Human                               |
| Host:                | Rabbit                              |
| Clonality:           | Polyclonal                          |
| Conjugate:           | This RhoF antibody is un-conjugated |
| Application:         | Western Blotting (WB)               |

### Product Details

|               |                                                                                                                                                                      |
|---------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Specificity:  | This RHOF antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 178-206 amino acids from the C-terminal region of human RHOF. |
| Purification: | Protein A purified                                                                                                                                                   |

### Target Details

|                   |                                                                                                                                          |
|-------------------|------------------------------------------------------------------------------------------------------------------------------------------|
| Target:           | RhoF (RHOF)                                                                                                                              |
| Alternative Name: | RIF / RHOF ( <a href="#">RHOF Products</a> )                                                                                             |
| Background:       | Name/Gene ID: RHOF<br>Family: Ras GTPase superfamily IPR001806<br><br>Synonyms: RHOF, ARHF, Rho family GTPase Rif, Rho in filopodia, RIF |

## Target Details

Gene ID: 54509

UniProt: [Q9HBH0](#)

## Application Details

Application Notes: Approved: WB (1:1000)

Comment: Target Species of Antibody: Human

Restrictions: For Research Use only

## Handling

Format: Liquid

Concentration: Lot specific

Buffer: PBS, 0.09 % sodium azide

Preservative: Sodium azide

Precaution of Use: This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

Storage: 4 °C, -20 °C

Storage Comment: Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.

Expiry Date: 6 months
