## Overview

|                      |                                              |
|----------------------|----------------------------------------------|
| Quantity:            | 400 µL                                       |
| Target:              | NUP35                                        |
| Binding Specificity: | AA 289-318                                   |
| Reactivity:          | Human                                        |
| Host:                | Rabbit                                       |
| Clonality:           | Polyclonal                                   |
| Conjugate:           | This NUP35 antibody is un-conjugated         |
| Application:         | Western Blotting (WB), Flow Cytometry (FACS) |

## Product Details

|               |                                                                                                                                                                        |
|---------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Specificity:  | This NUP35 antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 289-318 amino acids from the C-terminal region of human NUP35. |
| Purification: | Protein A purified                                                                                                                                                     |

## Target Details

|                   |                                                                                                                                                                               |
|-------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Target:           | NUP35                                                                                                                                                                         |
| Alternative Name: | NUP35 / NUP53 ( <a href="#">NUP35 Products</a> )                                                                                                                              |
| Background:       | Name/Gene ID: NUP35<br><br>Synonyms: NUP35, 35 kDa nucleoporin, Mitotic phosphoprotein 44, MP-44, Nucleoporin Nup35, Nucleoporin NUP53, Nucleoporin 35 kDa, MP44, NP44, NUP53 |

## Target Details

Gene ID: 129401

UniProt: [Q8NFH5](#)

## Application Details

Application Notes: Approved: Flo (1:10 - 1:50), WB (1:1000)

Comment: Target Species of Antibody: Human

Restrictions: For Research Use only

## Handling

Format: Liquid

Concentration: Lot specific

Buffer: PBS, 0.09 % sodium azide

Preservative: Sodium azide

Precaution of Use: This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

Storage: 4 °C, -20 °C

Storage Comment: Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.

Expiry Date: 6 months
