

Datasheet for ABIN1812497

**anti-Galectin 9 antibody (AA 62-90)**[Go to Product page](#)

## Overview

|                      |                                           |
|----------------------|-------------------------------------------|
| Quantity:            | 400 µL                                    |
| Target:              | Galectin 9 (LGALS9)                       |
| Binding Specificity: | AA 62-90                                  |
| Reactivity:          | Human                                     |
| Host:                | Rabbit                                    |
| Clonality:           | Polyclonal                                |
| Conjugate:           | This Galectin 9 antibody is un-conjugated |
| Application:         | Western Blotting (WB)                     |

## Product Details

|               |                                                                                                                                                                        |
|---------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Specificity:  | This LGALS9 antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 62-90 amino acids from the N-terminal region of human LGALS9. |
| Purification: | Protein A purified                                                                                                                                                     |

## Target Details

|                   |                                                                                                                                |
|-------------------|--------------------------------------------------------------------------------------------------------------------------------|
| Target:           | Galectin 9 (LGALS9)                                                                                                            |
| Alternative Name: | LGALS9 / Galectin 9 ( <a href="#">LGALS9 Products</a> )                                                                        |
| Background:       | Name/Gene ID: LGALS9<br><br>Synonyms: LGALS9, Gal-9, HUAT, Galectin 9, Galectin-9, LGALS9A, Tumor antigen HOM-HD-21, Ecalectin |

## Target Details

|          |      |
|----------|------|
| Gene ID: | 3965 |
|----------|------|

|          |                        |
|----------|------------------------|
| UniProt: | <a href="#">O00182</a> |
|----------|------------------------|

## Application Details

|                    |                       |
|--------------------|-----------------------|
| Application Notes: | Approved: WB (1:1000) |
|--------------------|-----------------------|

|          |                                   |
|----------|-----------------------------------|
| Comment: | Target Species of Antibody: Human |
|----------|-----------------------------------|

|               |                       |
|---------------|-----------------------|
| Restrictions: | For Research Use only |
|---------------|-----------------------|

## Handling

|         |        |
|---------|--------|
| Format: | Liquid |
|---------|--------|

|                |              |
|----------------|--------------|
| Concentration: | Lot specific |
|----------------|--------------|

|         |                          |
|---------|--------------------------|
| Buffer: | PBS, 0.09 % sodium azide |
|---------|--------------------------|

|               |              |
|---------------|--------------|
| Preservative: | Sodium azide |
|---------------|--------------|

|                    |                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------|
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
|--------------------|------------------------------------------------------------------------------------------------------------------------|

|          |             |
|----------|-------------|
| Storage: | 4 °C,-20 °C |
|----------|-------------|

|                  |                                                                                          |
|------------------|------------------------------------------------------------------------------------------|
| Storage Comment: | Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C. |
|------------------|------------------------------------------------------------------------------------------|

|              |          |
|--------------|----------|
| Expiry Date: | 6 months |
|--------------|----------|
