## Overview

|                      |                                              |
|----------------------|----------------------------------------------|
| Quantity:            | 400 µL                                       |
| Target:              | C15orf27                                     |
| Binding Specificity: | AA 503-531                                   |
| Reactivity:          | Human, Mouse                                 |
| Host:                | Rabbit                                       |
| Clonality:           | Polyclonal                                   |
| Conjugate:           | This C15orf27 antibody is un-conjugated      |
| Application:         | Western Blotting (WB), Flow Cytometry (FACS) |

## Product Details

|               |                                                                                                                                                                        |
|---------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Specificity:  | This C0027 antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 503-531 amino acids from the C-terminal region of human C0027. |
| Purification: | Protein A purified                                                                                                                                                     |

## Target Details

|                   |                                                                                  |
|-------------------|----------------------------------------------------------------------------------|
| Target:           | C15orf27                                                                         |
| Alternative Name: | C15orf27 ( <a href="#">C15orf27 Products</a> )                                   |
| Background:       | Name/Gene ID: C15orf27<br><br>Synonyms: C15orf27, Transmembrane protein C15orf27 |
| Gene ID:          | 123591                                                                           |

### Target Details

UniProt: [Q2M3C6](#)

### Application Details

Application Notes: Approved: Flo (1:10 - 1:50), WB (1:1000)

Comment: Target Species of Antibody: Human

Restrictions: For Research Use only

### Handling

Format: Liquid

Concentration: Lot specific

Buffer: PBS, 0.09 % sodium azide

Preservative: Sodium azide

Precaution of Use: This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

Storage: 4 °C,-20 °C

Storage Comment: Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.

Expiry Date: 6 months
