## Overview

|                      |                                      |
|----------------------|--------------------------------------|
| Quantity:            | 200 µg                               |
| Target:              | ENPP2                                |
| Binding Specificity: | AA 369-391                           |
| Reactivity:          | Human, Mouse                         |
| Host:                | Rabbit                               |
| Clonality:           | Polyclonal                           |
| Conjugate:           | This ENPP2 antibody is un-conjugated |
| Application:         | ELISA                                |

## Product Details

|               |                                                                  |
|---------------|------------------------------------------------------------------|
| Immunogen:    | Synthetic peptide corresponding to aa369-391 of human Autotaxin. |
|               | Type of Immunogen: Synthetic peptide                             |
| Isotype:      | IgG                                                              |
| Specificity:  | Human Autotaxin. Species crossreactivity: mouse.                 |
| Purification: | Purified                                                         |

## Target Details

|                   |                   |
|-------------------|-------------------|
| Target:           | ENPP2             |
| Alternative Name: | ENPP2 / Autotaxin |

## Target Details

|             |                                                                                                                                                 |
|-------------|-------------------------------------------------------------------------------------------------------------------------------------------------|
| Background: | Name/Gene ID: ENPP2                                                                                                                             |
|             | Family: Phosphodiesterase - Other                                                                                                               |
|             | Synonyms: ENPP2, AUTOTAXIN, Autotaxin-t, ATX-X, E-NPP 2, LysoPLD, NPP2, PDNP2, PD-IALPHA, Plasma lysophospholipase D, Phosphodiesterase I alpha |

|          |      |
|----------|------|
| Gene ID: | 5168 |
|----------|------|

|          |                        |
|----------|------------------------|
| UniProt: | <a href="#">Q13822</a> |
|----------|------------------------|

## Application Details

|                    |                                                                    |
|--------------------|--------------------------------------------------------------------|
| Application Notes: | Optimal working dilution should be determined by the investigator. |
|--------------------|--------------------------------------------------------------------|

|          |                                   |
|----------|-----------------------------------|
| Comment: | Target Species of Antibody: Human |
|----------|-----------------------------------|

|               |                       |
|---------------|-----------------------|
| Restrictions: | For Research Use only |
|---------------|-----------------------|

## Handling

|         |             |
|---------|-------------|
| Format: | Lyophilized |
|---------|-------------|

|                 |     |
|-----------------|-----|
| Reconstitution: | PBS |
|-----------------|-----|

|                |              |
|----------------|--------------|
| Concentration: | Lot specific |
|----------------|--------------|

|         |             |
|---------|-------------|
| Buffer: | Lyophilized |
|---------|-------------|

|                  |                                                 |
|------------------|-------------------------------------------------|
| Handling Advice: | Aliquot to avoid repeated freezing and thawing. |
|------------------|-------------------------------------------------|

|          |        |
|----------|--------|
| Storage: | -20 °C |
|----------|--------|

|                  |                                                                                                                                                                                  |
|------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Storage Comment: | Lyophilized powder may be stored at -20°C. Stable for 1 year at -20°C. Aliquot to avoid freeze-thaw cycles. Store at -20°C. Reconstituted product is stable for 1 year at -20°C. |
|------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
