

## Datasheet for ABIN1830055 **anti-Ptges3l antibody**

[Go to Product page](#)

### Overview

|              |                                        |
|--------------|----------------------------------------|
| Quantity:    | 100 µg                                 |
| Target:      | Ptges3l (PTGES3L)                      |
| Reactivity:  | Human                                  |
| Host:        | Mouse                                  |
| Clonality:   | Monoclonal                             |
| Conjugate:   | This Ptges3l antibody is un-conjugated |
| Application: | Western Blotting (WB)                  |

### Product Details

|               |                                                                                         |
|---------------|-----------------------------------------------------------------------------------------|
| Immunogen:    | Recombinant corresponding to human Tsp23.<br><br>Type of Immunogen: Recombinant protein |
| Clone:        | 12F5                                                                                    |
| Isotype:      | IgG1 kappa                                                                              |
| Specificity:  | Human Tsp23 at ~19kD. Does not react with p23.                                          |
| Purification: | Protein G purified                                                                      |

### Target Details

|           |                                  |
|-----------|----------------------------------|
| Target:   | Ptges3l (PTGES3L)                |
| Abstract: | <a href="#">PTGES3L Products</a> |

## Target Details

|             |                     |
|-------------|---------------------|
| Background: | Name/Gene ID: TSP23 |
|             | Synonyms: TSP23     |

## Application Details

|                    |                                   |
|--------------------|-----------------------------------|
| Application Notes: | Approved: WB (1 µg/mL)            |
| Comment:           | Target Species of Antibody: Human |
| Restrictions:      | For Research Use only             |

## Handling

|                    |                                                                                                                                |
|--------------------|--------------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                         |
| Concentration:     | Lot specific                                                                                                                   |
| Buffer:            | PBS, pH 7.4, 0.09 % sodium azide, 50 % glycerol                                                                                |
| Preservative:      | Sodium azide                                                                                                                   |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.         |
| Handling Advice:   | Aliquot to avoid repeated freezing and thawing.                                                                                |
| Storage:           | 4 °C,-20 °C                                                                                                                    |
| Storage Comment:   | May be stored at 4°C for short-term only. Aliquot to avoid freeze-thaw cycles. Store at -20°C. Aliquots are stable for 1 year. |
