

Datasheet for ABIN1831236

**anti-PARD3 antibody (AA 352-374) (Biotin)**[Go to Product page](#)

## Overview

|                      |                                             |
|----------------------|---------------------------------------------|
| Quantity:            | 100 µL                                      |
| Target:              | PARD3                                       |
| Binding Specificity: | AA 352-374                                  |
| Reactivity:          | Human                                       |
| Host:                | Rabbit                                      |
| Clonality:           | Polyclonal                                  |
| Conjugate:           | This PARD3 antibody is conjugated to Biotin |
| Application:         | ELISA                                       |

## Product Details

|               |                                                              |
|---------------|--------------------------------------------------------------|
| Immunogen:    | Synthetic peptide corresponding to aa352-374 of human PAR-3. |
|               | Type of Immunogen: Synthetic peptide                         |
| Isotype:      | IgG                                                          |
| Specificity:  | Human PAR-3.                                                 |
| Purification: | Purified                                                     |

## Target Details

|                   |                                                 |
|-------------------|-------------------------------------------------|
| Target:           | PARD3                                           |
| Alternative Name: | PARD3 / PAR3 ( <a href="#">PARD3 Products</a> ) |

### Target Details

|             |                                                                                                                                                                            |
|-------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Background: | Name/Gene ID: PARD3<br><br>Synonyms: PARD3, Baz, CTCL tumor antigen se2-5, PAR-3, PAR3A, PARD-3, PARD3A, SE2-5LT1, SE2-5T2, PAR3-alpha, PAR3alpha, Bazooka, PAR3, SE2-5L16 |
| Gene ID:    | 56288                                                                                                                                                                      |
| UniProt:    | <a href="#">Q8TEW0</a>                                                                                                                                                     |
| Pathways:   | <a href="#">Cell-Cell Junction Organization</a>                                                                                                                            |

### Application Details

|                    |                                                                                                                                                        |
|--------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Notes: | Approved: ELISA<br><br>Usage: The applications listed have been tested for the unconjugated form of this product.<br>Other forms have not been tested. |
| Comment:           | Target Species of Antibody: Human                                                                                                                      |
| Restrictions:      | For Research Use only                                                                                                                                  |

### Handling

|                  |                                                                                                                                            |
|------------------|--------------------------------------------------------------------------------------------------------------------------------------------|
| Format:          | Liquid                                                                                                                                     |
| Concentration:   | Lot specific                                                                                                                               |
| Buffer:          | Liquid                                                                                                                                     |
| Handling Advice: | Aliquot to avoid repeated freezing and thawing.                                                                                            |
| Storage:         | 4 °C, -20 °C                                                                                                                               |
| Storage Comment: | May be stored at 4°C for short-term only. Aliquot to avoid freeze-thaw cycles. Store at -20°C.<br>Aliquots are stable for at least 1 year. |
