Datasheet for ABIN1831320  
**anti-Endomorphin 2 antibody**

### Overview

Quantity:	400 µg
Target:	Endomorphin 2
Reactivity:	General
Host:	Rabbit
Clonality:	Polyclonal
Conjugate:	This Endomorphin 2 antibody is un-conjugated
Application:	ELISA

### Product Details

Immunogen:	Synthetic peptide corresponding to Endomorphin-2. Immunogen type: Synthetic peptide
Isotype:	IgG
Specificity:	Endomorphin 2
Purification:	Purified

### Target Details

Target:	Endomorphin 2
Abstract:	<a href="#">Endomorphin 2 Products</a>

## Application Details

---

Restrictions: For Research Use only

## Handling

---

Format: Lyophilized

Reconstitution: Sterile distilled water

Handling Advice: Aliquot to avoid repeated freezing and thawing.

Storage: -20 °C

Expiry Date: 12 months
