

## Datasheet for ABIN1832251 **anti-GPR75 antibody**

[Go to Product page](#)

### Overview

|              |                                      |
|--------------|--------------------------------------|
| Quantity:    | 100 µg                               |
| Target:      | GPR75                                |
| Reactivity:  | Human                                |
| Host:        | Mouse                                |
| Clonality:   | Monoclonal                           |
| Conjugate:   | This GPR75 antibody is un-conjugated |
| Application: | Immunohistochemistry (IHC)           |

### Product Details

|               |                                                                           |
|---------------|---------------------------------------------------------------------------|
| Immunogen:    | Recombinant corresponding to human GPR75 expressed in NSO cells (095800). |
|               | Type of Immunogen: Recombinant protein                                    |
| Clone:        | 11n81                                                                     |
| Isotype:      | IgG1                                                                      |
| Specificity:  | Human GPR75.                                                              |
| Purification: | Protein A/G purified                                                      |

### Target Details

|                   |                                          |
|-------------------|------------------------------------------|
| Target:           | GPR75                                    |
| Alternative Name: | GPR75 ( <a href="#">GPR75 Products</a> ) |

## Target Details

|             |                                                                                      |
|-------------|--------------------------------------------------------------------------------------|
| Background: | Name/Gene ID: GPR75                                                                  |
|             | Subfamily: Orphan-A                                                                  |
|             | Family: GPCR                                                                         |
|             | Synonyms: GPR75, G protein-coupled receptor 75, GPR-chr2, WI31133, GPRchr2, WI-31133 |
| Gene ID:    | 10936                                                                                |
| UniProt:    | <a href="#">O95800</a>                                                               |

## Application Details

|                    |                                   |
|--------------------|-----------------------------------|
| Application Notes: | Approved: IHC (8 - 25 µg/mL)      |
| Comment:           | Target Species of Antibody: Human |
| Restrictions:      | For Research Use only             |

## Handling

|                  |                                                                                                                                                                                  |
|------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Format:          | Lyophilized                                                                                                                                                                      |
| Reconstitution:  | Sterile PBS                                                                                                                                                                      |
| Concentration:   | Lot specific                                                                                                                                                                     |
| Buffer:          | Lyophilized from PBS, trehalose                                                                                                                                                  |
| Handling Advice: | Aliquot to avoid repeated freezing and thawing.                                                                                                                                  |
| Storage:         | -20 °C                                                                                                                                                                           |
| Storage Comment: | Lyophilized powder may be stored at -20°C. Stable for 1 year at -20°C. Aliquot to avoid freeze-thaw cycles. Store at -20°C. Reconstituted product is stable for 1 year at -20°C. |
