## Overview

|                      |                                                  |
|----------------------|--------------------------------------------------|
| Quantity:            | 100 µL                                           |
| Target:              | RANBP1                                           |
| Binding Specificity: | AA 1-201                                         |
| Reactivity:          | Human, Mouse                                     |
| Host:                | Rabbit                                           |
| Clonality:           | Polyclonal                                       |
| Conjugate:           | This RANBP1 antibody is un-conjugated            |
| Application:         | Western Blotting (WB), Immunocytochemistry (ICC) |

## Product Details

|               |                                                                                                                                                                                                                                     |
|---------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Immunogen:    | Recombinant fragment corresponding to a region within amino acids 1 and 201 of Ran BP1 (SwissProt P43487). Percent identity by BLAST analysis: Human (100%), Rat (97%), Bovine (88%).<br><br>Type of Immunogen: Recombinant protein |
| Isotype:      | IgG                                                                                                                                                                                                                                 |
| Specificity:  | Human RANBP1                                                                                                                                                                                                                        |
| Purification: | Immunoaffinity purified                                                                                                                                                                                                             |

## Target Details

|         |        |
|---------|--------|
| Target: | RANBP1 |
|---------|--------|

## Target Details

|                   |                                                                                                   |
|-------------------|---------------------------------------------------------------------------------------------------|
| Alternative Name: | RANBP1 ( <a href="#">RANBP1 Products</a> )                                                        |
| Background:       | Name/Gene ID: RANBP1<br><br>Synonyms: RANBP1, RAN binding protein 1, Ran-binding protein 1, HTF9A |
| Gene ID:          | 5902                                                                                              |
| UniProt:          | <a href="#">P43487</a>                                                                            |

## Application Details

|                    |                                                     |
|--------------------|-----------------------------------------------------|
| Application Notes: | Approved: ICC (1:100 - 1:1000), WB (1:500 - 1:3000) |
| Comment:           | Target Species of Antibody: Human                   |
| Restrictions:      | For Research Use only                               |

## Handling

|                    |                                                                                                                                    |
|--------------------|------------------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                             |
| Concentration:     | Lot specific                                                                                                                       |
| Buffer:            | 0.1 M Tris-glycine, pH 7.0, 10 % glycerol, 0.01 % Thimerosal                                                                       |
| Preservative:      | Thimerosal (Merthiolate)                                                                                                           |
| Precaution of Use: | This product contains Thimerosal (Merthiolate): a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Handling Advice:   | Keep as concentrated solution. Avoid multiple freeze-thaw cycles.                                                                  |
| Storage:           | -20 °C                                                                                                                             |
| Storage Comment:   | Keep as concentrated solution. Aliquot and store at -20°C or below. Avoid multiple freeze-thaw cycles.                             |
