## Overview

|                      |  |
|----------------------|--|
| Quantity:            | 100 µL   |
| Target:              | Collagen IV (COL4)                                       |
| Binding Specificity: | N-Term   |
| Reactivity:          | Human, Mouse   |
| Host:                | Rabbit   |
| Clonality:           | Polyclonal   |
| Conjugate:           | This Collagen IV antibody is un-conjugated               |
| Application:         | Western Blotting (WB), ELISA, Immunohistochemistry (IHC) |

## Product Details

|               |  |
|---------------|--|
| Immunogen:    | The antiserum was produced against synthesized peptide derived from N-terminal of human Collagen IV.                 |
| Specificity:  | Rabbit polyclonal antibody against Collagen IV protein.  |
| Purification: | The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen |

## Target Details

|                   |   |
|-------------------|---|
| Target:           | Collagen IV (COL4)                            |
| Alternative Name: | Collagen IV ( <a href="#">COL4 Products</a> ) |
| UniProt:          | <a href="#">P02462</a>                        |

Application Details

Restrictions: For Research Use only

Handling

Storage: -20 °C

Storage Comment: Aliquot and store at -20 °C. Avoid repeated freeze/thaw cycles.
