## Vitamin A Protein (Ovalbumin)

### 1 Image

#### Overview

|                               |  |
|-------------------------------|--|
| Quantity:                     | 200 µg   |
| Target:                       | Vitamin A  |
| Origin:                       | Chemical   |
| Source:                       | Synthetic  |
| Purification tag / Conjugate: | This Vitamin A protein is labelled with Ovalbumin.                     |
| Application:                  | Immunoprecipitation (IP), SDS-PAGE (SDS), ELISA, Western Blotting (WB) |

#### Product Details

Purity: > 95 %

#### Target Details

|                   |                                    |
|-------------------|------------------------------------|
| Target:           | Vitamin A                          |
| Abstract:         | <a href="#">Vitamin A Products</a> |
| Target Type:      | Chemical                           |
| Molecular Weight: | 286.45 g/mol                       |

#### Application Details

|                    |   |
|--------------------|---|
| Application Notes: | Western blotting: 1:100-400<br>Immunocytochemistry in formalin fixed cells: 1:100-500<br>Immunohistochemistry in formalin fixed frozen section: 1:100-500<br>Immunohistochemistry in paraffin section: 1:50-200 |
|--------------------|---|

## Application Details

---

Enzyme-linked Immunosorbent Assay: 1:100-200

Optimal working dilutions must be determined by end user.

Restrictions: For Research Use only

## Handling

---

Reconstitution: Reconstitute in sterile PBS, pH 7.2 - pH 7.4.

Handling Advice: Avoid repeated freeze/thaw cycles

Storage: 4 °C

Storage Comment: Store at 2-8 °C for one month. Aliquot and store at -80 °C for 12 months.

Expiry Date: 12 months
