Target Details

Target:	Lipopolysaccharides (LPS)
Alternative Name:	Lipopolysaccharide (LPS) (Lipopolysaccharides (LPS) Products)
Target Type:	Chemical

Application Details

Comment:	The thermal stability is described by the loss rate of the target protein. The loss rate was determined by accelerated thermal degradation test, that is, incubate the protein at 37 °C for 48h, and no obvious degradation and precipitation were observed. (Referring from China Biological Products Standard, which was calculated by the Arrhenius equation.) The loss of this protein is less than 5% within the expiration date under appropriate storage condition.
