peptide between 93-122 amino acids from the Central region of human ILKAP. Clone: RB40435 Isotype: Ig Fraction Predicted Reactivity: B, M, Rat			
Binding Specificity: AA 93-122 Reactivity: Human Host: Rabbit Clonality: Polyclonal Conjugate: This ILKAP antibody is un-conjugated Application: Western Blotting (WB) Product Details Immunogen: This ILKAP antibody is generated from rabbits immunized with a KLH conjugated synt peptide between 93-122 amino acids from the Central region of human ILKAP. Clone: RB40435 Isotype: Ig Fraction Predicted Reactivity: B, M, Rat Purification: This antibody is purified through a protein A column, followed by peptide affinity purification: Target Details Target: ILKAP	Quantity:	400 μL	
Reactivity: Human Host: Rabbit Clonality: Polyclonal Conjugate: This ILKAP antibody is un-conjugated Application: Western Blotting (WB) Product Details Immunogen: This ILKAP antibody is generated from rabbits immunized with a KLH conjugated synt peptide between 93-122 amino acids from the Central region of human ILKAP. Clone: RB40435 Isotype: Ig Fraction Predicted Reactivity: B, M, Rat Purification: This antibody is purified through a protein A column, followed by peptide affinity purification: Target Details Target: ILKAP	Target:	ILKAP	
Host: Rabbit Clonality: Polyclonal Conjugate: This ILKAP antibody is un-conjugated Application: Western Blotting (WB) Product Details Immunogen: This ILKAP antibody is generated from rabbits immunized with a KLH conjugated synt peptide between 93-122 amino acids from the Central region of human ILKAP. Clone: RB40435 Isotype: Ig Fraction Predicted Reactivity: B, M, Rat Purification: This antibody is purified through a protein A column, followed by peptide affinity purification: Target Details Target: ILKAP	Binding Specificity:	AA 93-122	
Clonality: Polyclonal Conjugate: This ILKAP antibody is un-conjugated Application: Western Blotting (WB) Product Details Immunogen: This ILKAP antibody is generated from rabbits immunized with a KLH conjugated synt peptide between 93-122 amino acids from the Central region of human ILKAP. Clone: RB40435 Isotype: Ig Fraction Predicted Reactivity: B, M, Rat Purification: This antibody is purified through a protein A column, followed by peptide affinity purification: Target Details Target: ILKAP	Reactivity:	Human	
Conjugate: This ILKAP antibody is un-conjugated Application: Western Blotting (WB) Product Details Immunogen: This ILKAP antibody is generated from rabbits immunized with a KLH conjugated synt peptide between 93-122 amino acids from the Central region of human ILKAP. Clone: RB40435 Isotype: Ig Fraction Predicted Reactivity: B, M, Rat Purification: This antibody is purified through a protein A column, followed by peptide affinity purification: Target: ILKAP	Host:	Rabbit	
Application: Western Blotting (WB) Product Details Immunogen: This ILKAP antibody is generated from rabbits immunized with a KLH conjugated synt peptide between 93-122 amino acids from the Central region of human ILKAP. Clone: RB40435 Isotype: Ig Fraction Predicted Reactivity: B, M, Rat Purification: This antibody is purified through a protein A column, followed by peptide affinity purification: Target Details Target: ILKAP	Clonality:	Polyclonal	
Product Details Immunogen: This ILKAP antibody is generated from rabbits immunized with a KLH conjugated synt peptide between 93-122 amino acids from the Central region of human ILKAP. Clone: RB40435 Isotype: Ig Fraction Predicted Reactivity: B, M, Rat Purification: This antibody is purified through a protein A column, followed by peptide affinity purification: Target Details Target: ILKAP	Conjugate:	This ILKAP antibody is un-conjugated

peptide between 93-122 amino acids from the Central region of human ILKAP. Clone: RB40435 Isotype: Ig Fraction Predicted Reactivity: B, M, Rat Purification: This antibody is purified through a protein A column, followed by peptide affinity purification: Target Details Target: ILKAP	Product Details		
Clone: RB40435 Isotype: Ig Fraction Predicted Reactivity: B, M, Rat Purification: This antibody is purified through a protein A column, followed by peptide affinity purification: Target Details Target: ILKAP	Immunogen:	This ILKAP antibody is generated from rabbits immunized with a KLH conjugated synthetic	
Isotype: Ig Fraction Predicted Reactivity: B, M, Rat Purification: This antibody is purified through a protein A column, followed by peptide affinity purification: Target Details Target: ILKAP		peptide between 93-122 amino acids from the Central region of human ILKAP.	
Predicted Reactivity: B, M, Rat Purification: This antibody is purified through a protein A column, followed by peptide affinity purific Target Details Target: ILKAP	Clone:	RB40435	
Purification: This antibody is purified through a protein A column, followed by peptide affinity purification: Target Details Target: ILKAP	Isotype:	Ig Fraction	
Target Details Target: ILKAP	Predicted Reactivity:	B, M, Rat	
Target: ILKAP	Purification:	This antibody is purified through a protein A column, followed by peptide affinity purification.	
	Target Details		
Alternative Name: ILKAP (ILKAP Products)	Target:	ILKAP	
	Alternative Name:	ILKAP (ILKAP Products)	

Target Details

Target Details			
Background:	The protein encoded by this gene is a protein serine/threonine phosphatase of the PP2C family. This protein can interact with integrin-linked kinase (ILK/ILK1), a regulator of integrin mediated signaling, and regulate the kinase activity of ILK. Through the interaction with ILK, this protein may selectively affect the signaling process of ILK-mediated glycogen synthase kinase 3 beta (GSK3beta), and thus participate in Wnt signaling pathway.		
Molecular Weight:	42907		
NCBI Accession:	NP_110395		
UniProt:	Q9H0C8		
Application Details			
Application Notes:	WB: 1:1000		
Restrictions:	For Research Use only		
Handling			
Format:	Liquid		
Buffer:	Purified polyclonal antibody supplied in PBS with 0.09 % (W/V) sodium azide.		
Preservative:	Sodium azide		
Precaution of Use:	This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.		
Storage:	4 °C,-20 °C		
Expiry Date:	6 months
