Datasheet for ABIN1881900 anti-TRAF6 antibody (AA 314-343)

1 Image

5 Publications

Overview

Quantity:	400 μL
Target:	TRAF6
Binding Specificity:	AA 314-343
Reactivity:	Human
Host:	Rabbit
Clonality:	Polyclonal
Conjugate:	This TRAF6 antibody is un-conjugated
Application:	Western Blotting (WB)

Product Details

Immunogen:	This TRAF6 antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 314-343 amino acids from the Central region of human TRAF6.
Clone:	RB40708
lsotype:	Ig Fraction
Predicted Reactivity:	B, M
Purification:	This antibody is purified through a protein A column, followed by peptide affinity purification.

Target Details

Target:	TRAF6
Alternative Name:	TRAF6 (TRAF6 Products)

Target Details

Background:	The protein encoded by this gene is a member of the TNF receptor associated factor (TRAF)
	protein family. TRAF proteins are associated with, and mediate signal transduction from
	members of the TNF receptor superfamily. This protein mediates the signaling not only from
	the members of the TNF receptor superfamily, but also from the members of the Toll/IL-1
	family. Signals from receptors such as CD40, TNFSF11/RANCE and IL-1 have been shown to be
	mediated by this protein. This protein also interacts with various protein kinases including
	IRAK1/IRAK, SRC and PKCzeta, which provides a link between distinct signaling pathways. This
	protein functions as a signal transducer in the NF-kappaB pathway that activates IkappaB
	kinase (IKK) in response to proinflammatory cytokines. The interaction of this protein with
	UBE2N/UBC13, and UBE2V1/UEV1A, which are ubiquitin conjugating enzymes catalyzing the
	formation of polyubiquitin chains, has been found to be required for IKK activation by this
	protein. Two alternatively spliced transcript variants encoding identical proteins have been
	protein. Two alternatively spliced transcript variants encoding identical proteins have been reported. [provided by RefSeq].

Application Details

Application Notes:	WB: 1:1000
Restrictions:	For Research Use only
Handling	
Format:	Liquid
Buffer:	Purified polyclonal antibody supplied in PBS with 0.09 % (W/V) sodium azide.
Preservative:	Sodium azide
Precaution of Use:	This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.
