AnaTag™ AMCA - X Microscale Protein Labeling Kit

[Go to Product page](#)

1 Publication

Overview

Quantity:	1 kit
Conjugate:	AMCA
Application:	Labeling (Lbl)

Product Details

Detection Method:	Fluorometric
-------------------	--------------

Target Details

Background:	AMCA-X, SE is one of the most popular blue fluorescent tagging molecules. It is widely used to label antibodies, proteins and small drug molecules.
-------------	---

Application Details

Comment:	Labeling kit
Restrictions:	For Research Use only

Handling

Handling Advice:	Keep Component A away from light and protected from moisture.
Storage:	4 °C
