

Datasheet for ABIN1897262

**anti-GABRG2 antibody (AA 198-224) (Biotin)**[Go to Product page](#)

## Overview

|                      |                                                          |
|----------------------|----------------------------------------------------------|
| Quantity:            | 200 µL                                                   |
| Target:              | GABRG2                                                   |
| Binding Specificity: | AA 198-224                                               |
| Reactivity:          | Human, Mouse                                             |
| Host:                | Rabbit                                                   |
| Clonality:           | Polyclonal                                               |
| Conjugate:           | This GABRG2 antibody is conjugated to Biotin             |
| Application:         | Western Blotting (WB), ELISA, Immunohistochemistry (IHC) |

## Product Details

|               |                                                                                                                                                                       |
|---------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Isotype:      | IgG                                                                                                                                                                   |
| Specificity:  | This GABRG2 antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 198-224 amino acids from the Central region of human GABRG2. |
| Purification: | Protein A purified                                                                                                                                                    |

## Target Details

|                   |                                                                           |
|-------------------|---------------------------------------------------------------------------|
| Target:           | GABRG2                                                                    |
| Alternative Name: | GABRG2 ( <a href="#">GABRG2 Products</a> )                                |
| Background:       | Name/Gene ID: GABRG2<br>Subfamily: GABA A receptor<br>Family: Ion Channel |

## Target Details

Synonyms: GABRG2, CAE2, GABA A receptor gamma 2, GEFSP3, ECA2, GABA(A) receptor, gamma 2

Gene ID: 2566

## Application Details

Application Notes: Approved: ELISA, IHC, WB

Usage: The applications listed have been tested for the unconjugated form of this product. Other forms have not been tested.

Comment: Target Species of Antibody: Human

Restrictions: For Research Use only

## Handling

Format: Liquid

Concentration: Lot specific

Buffer: PBS, no preservatives added

Preservative: Without preservative

Handling Advice: Aliquot to avoid repeated freezing and thawing.

Storage: 4 °C, -20 °C

Storage Comment: Short term: store at 4°C. Long term: aliquot and store -20°C for up to 6 months. Avoid freeze-thaw cycles. Protect from light.

Expiry Date: 6 months
